

SPORTY STYLE MEETS FUTURE-READY-TECHNOLOGY™

The exhilarating performance of the Accent Viva is taken a step further with the new Accent Viva CRDi™. Besides the original semi-notchback 5-door design, the Accent Viva CRDi™ boasts of the future-ready CRDi™ engine. Which is amazingly silent for a diesel engine and low on vibration as well. It's also surprisingly zippy and eco-friendly. Add to this a host of features such as the Power Steering, Power Windows (Front & Rear) and Tilt-type Steering Wheel, and what you have is a car that combines sporty good looks and state-of-the-art technology to create a driving experience with a difference.

Unbeatable Performance

Amazing Economy

Environment Friendly - Engineered to meet the Euro III norms

THE CRDi™ ADVANTAGE

Normal Diesel Engine	Accent Viva CRDi™
Pressures ranging from 200 - 400 bar	Pressures exceeding 1200 bar, uniformly maintained
Indirect injection of fuel	Direct injection of high pressure fuel
Noisy engine	Less engine noise (Pilot injection prior to main injection increases compression pressure, thus reducing the noise)
Fuel injection pressure varies during the injection process	Injection pressure remains constant throughout the injection process
Mechanical metering of fuel quantity to be injected in the cylinder	Electronically controlled metering of fuel quantity
Fuel injection timing mechanically controlled by Fuel Injection Pump & variable with engine speed	Electronically controlled injection timing & independent of engine speed
High fuel consumption at low engine speed (due to imperfect air-fuel ratio)	Low fuel consumption at all engine speeds (due to optimum air-fuel ratio)
High emission at low engine speed (due to imperfect air-fuel ratio)	Low emission at all engine speeds (due to optimum air-fuel ratio)
Mechanical control of exhaust gas recirculation into intake manifold	Variable (electronic) control of exhaust gas recirculation into intake manifold - reduces NOx emission & delivers optimum performance
Poor air-fuel mixture causes particulate emissions	Finely atomized fuel results in efficient air-fuel mixing & reduced particulate emissions

THINKING OF BUYING A DIESEL CAR TODAY?

THINK OF TOMORROW. THINK CRDi™.

LUXURY INSIDE-OUT

With the Accent Viva CRDi™ you will move into a different league. Be it the plush interiors of the car or the practical engine design, the Accent Viva CRDi™ will soothe your senses as you glide on the roads. Everything from its central door locking, efficacious climate control systems and the alluring leather padded steering wheel, provides you with utmost convenience and allows you to luxuriate in splendour. Truly, the new Accent Viva CRDi™ is fully loaded to be just what you want it to be. With a sinfully attractive look, racy contours, indulgent interiors and an asphalt-burning powertrain, it is ready to rev your imagination.

Dimensions		Engine & Transmission	
Overall Length (mm)	4200	Model Designation	CRDi™
Overall Width (mm)	1670	Configuration	3 cylinder
Overall Height (mm)	1370	Cam & Valve Arrangement	12-V SOHC
Wheelbase (mm)	2440	Fuel System	Direct Injection
Front Track (mm)	1435	Displacement (cc)	1493
Rear Track (mm)	1425	Max. Power (ps/rpm)	82/4000
Fuel Tank Capacity (L)	45	Max. Torque (kgm/rpm)	19.1 / 2000-2700
Ground Clearance (mm)	172	Transmission	5-Speed Manual with Overdrive
